

2027 Scholarship Program

Supporting the Next Generation of Agricultural Professionals

Longerenong College Scholarships support students who demonstrate a passion for agriculture, commitment to learning and the potential to contribute to the future of the industry.

Made possible through the support of industry and community partners, our scholarship program provides financial assistance while creating valuable industry connections and opportunities.

One Application. Multiple Scholarships.

Applicants complete a single scholarship application and may be considered for multiple scholarships. Applications are assessed against the Longerenong College Scholarship Framework and any scholarship-specific criteria.

Scholarship Framework

Successful applicants typically demonstrate:

- Passion for agriculture
- Leadership and initiative
- Professionalism and integrity
- Strong communication skills
- Commitment to learning
- Future potential within the agricultural industry

More Than Financial Support

Longerenong College Scholarships provide more than financial assistance. Many scholarships include opportunities for industry engagement, networking, mentoring, work experience, professional development and graduate employment pathways.

Key Dates

1 September 2026	Applications Open
15 October 2026	Applications Close
